

Planning to Travel this Summer?

Here's what you need to know about your foreign currency allowance for holiday travel.

You're allowed to purchase up to **Barbados \$7,500** in foreign currency each year.

Of that, up to Barbados \$1,000 can be in foreign **cash** per trip.

**Anything over \$1,000 has to go on a
Visa TravelMoney or Visa Debit card.**

Using your **credit card** instead of cash?

Check to see if you need to apply to increase your **foreign currency limit**.

And remember, whether you're taking cash or using a debit or credit card, you have to pay the **Foreign Exchange Fee**.

So prepare early and avoid the last minute rush.
